

## SPITALUL ORASENESC OTELU ROSU

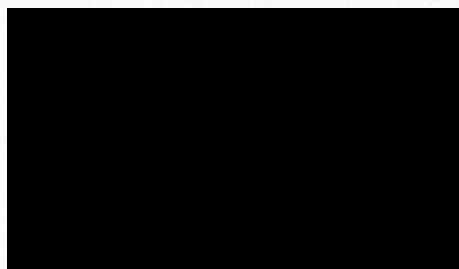

Lista investigatiilor paraclinice de radiologie- imagistica medicala, medicina nucleara si explorari functionale

| Nr. crt. | Denumire examinare radiologica/imagistica medicala/explorare functionala                                                                                                      | PRET (RON) |
|----------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|
| 1        | Ex. radiologic cranian standard                                                                                                                                               | 60         |
| 2        | Ex. radiologic parti schelet in 2 planuri                                                                                                                                     | 80         |
| 3        | Ex. radiologic cranian in proiectie sinusuri ale fetei                                                                                                                        | 60         |
| 4        | Radiografie de membre :<br>a) brat<br>b) cot<br>c) antebrat<br>d) pumn<br>e) mana<br>f) sold<br>g) coapsa<br>h) genunchi<br>i) gamba<br>j) glezna<br>k) picior<br>l) calcaneu | 60         |
| 5        | Ex. radiologic articulatii sacro-iliace                                                                                                                                       | 60         |
| 6        | Ex. radiologic centura scapulara                                                                                                                                              | 70         |
| 7        | Ex. radiologic coloana vertebrala/segment                                                                                                                                     | 60         |
| 8        | Ex. radiologic torace ansamblu                                                                                                                                                | 60         |
| 9        | Ex. radiologic torace osos (sau parti) in mai multe planuri                                                                                                                   | 60         |
| 10       | Ex. radiologic torace si organe toracice                                                                                                                                      | 60         |
| 11       | Ex. radiologic tract digestiv superior (inclusiv unghiul duodenojejunal) cu substanta de contrast                                                                             | 160        |
| 12       | Ex. radiologic tract digestiv pana la regiunea ileocecala , cu substanta de contrast                                                                                          | 210        |
| 13       | Ex. radiologic vizualizare generala a abdomenului nativ                                                                                                                       | 80         |

MANAGER

MEDIC RADIOLOGIE SI  
IMAGISTICA MEDICALA

Ec. LAZARESCU ROXANA – MIHAELA
